Benefits

It is often difficult for lawyers, accountants and estate agents to apply the AML and CFT regime in Guernsey to their specific businesses, as they are fairly new to the regime. It can also be an issue that certain areas of compliance with the regime are missed. This course focuses on prescribed businesses and non-regulated financial services businesses, practically showing how to apply the regime to your business, discussing and assisting in areas that may be difficult to implement.

By attending the course you will gain a full understanding of AML and CFT in Guernsey and how it applies to your business.
