## Course Details

**Price**

£2,995.00

**CPD Points**

35.00

**Length**

5 full days (09:00-17:30)

## Course Overview

The CISSP certification is globally recognised and highly sought after by employers in the cybersecurity industry.

Unlock new career opportunities today and advance your professional journey as a certified information systems security professional.

Gain a comprehensive understanding of the eight domains covered in the CISSP Common Body of Knowledge (CBK). Give yourself the opportunity to acquire the expertise needed to address complex security challenges and make informed decisions.

**This course is delivered virtually through the GTA, tutor lead in real time.**

# Content

The online training sessions will present and review the information associated with the eight CISSP Domains that constitute the newest version of the (ISC)² Common Body of Knowledge (CBK).

The eight modules are as follows:

- Module 1. Security and risk management
- Module 2. Asset security
- Module 3. Security engineering
- Module 4. Communication & network security
- Module 5. Identity & access management
- Module 6. Security assessment & testing
- Module 7. Security operations
- Module 8. Software security development

You will receive a free copy of the (ISC)2 CISSP Certified Information Systems Security Professional Official Study Guide, 8th Edition textbook and a Certificate of attendance.

# Benefits

- Strengthen your organisations cyber security posture by implementing industry best practices. Take the opportunity to proactively protect sensitive and prevent security breaches
